

RIVIERA SHOCKWAVES

MOBILE PAIN INTERVENTION

Days at sea are demanding.
Your recovery should be too.

We're here to support you in THE REVOLUTION of pain relief and recovery.

Riviera ShockWaves, the first mobile shockwave therapy unit dedicated to the yachting market in MONACO and along the French and Italian Rivièras. No need for clients to travel—we operate directly from the marinas.

*Personalized approach
Targeted stimulation
Non-invasive treatment*

*Reduced side effects
Rapid pain relief
Advanced cell regeneration*

Performance at sea. Recovery on land.

Multi-zone sessions - Crew packages - On-site MEDMAIORA medical support

MEDMAIORA BELONG GROUP

MedicalCenter

The MedMaiora Medical Center is a trusted destination for healthcare and wellness services. We provide a daily general practice service open to all patients, alongside massage therapy, physiotherapy, and osteopathy treatments. Starting from May 2026, a gynecology clinic will operate weekly, while dedicated aesthetic medicine sessions will be available on a monthly basis. By appointment, patients may also access consultations across a wide range of medical and surgical specialties.

The medical center is currently undergoing the authorization process to provide ENG1 medical certification services for maritime professionals. Through its partnership with BeLonG Group, the center will also offer personalized longevity and wellness programs based on the latest advances in genetics and epigenetics, supervised by a dedicated medical team, with the support of the new Riviera Health and Wellness Center for cellular regeneration programs, pain management treatments, and premium wellness experiences.

OUR EXCLUSIVE The Human Regenerator Jet

The Human Regenerator is a unique wellness therapy designed to enhance cellular health through Cold Atmospheric Plasma technology.

Using inorganic cold atmospheric plasma, this innovative treatment helps correct, rebalance, and reset the bio-electrical field and neuronal system, supporting cellular repair and rejuvenation.
